Produits > Pression > Capteurs de pression

Capteur de presssion OEM - Conditions sévères de 0/6 bars à 0/600 bars

17.600 G

Applications :

- mobile hydraulic
- presses
- general mechanical engineering
- oxygen application

Characteristics :

- stainless steel sensor, welded

- accuracy 0.5 % FSO
  according to IEC 60770
- nominal pressure ranges from 0 … 6 bar up to 0 … 600 bar
